Set-Up Instructions

On your PC or Mac - Set Up Your Site

1 Find the email from alert@alert.victorpest.com and **click the link** to confirm registration and set your password

2 Go to vlinkhq.com. **Click on Sign In** in the upper right corner

3 **Log in** with your email address and password

4 Click the blue "Create a Site" button and **follow the simple instructions** to create a site

On your Mobile Device - Set Up Your Trap

1 **Download Victor VLINK®** from the iOS or Google Play store

2 **Log in** with the same email address and password

3 **Make sure your VLINK® gateway is set-up** according to the instructions provided with the hardware

4 Tap the blue "Scan" button and **scan the trap's QR code**

5 Allow trap to **connect to the gateway**

6 Once connected, you can **repeat the process to add additional traps**
